

Ship■Safe Repo™

CI + Pre■Commit + AI Review in 24 Hours

Veteran■Owned • Agentic■Powered • Built for Lasting Legacy

Who is this for?

For founders, teams, and agencies that want every pull request green, predictable, and shippable.

What you get (today):

- ■ GitHub Actions: pytest, ruff, mypy with pip cache & PYTHONPATH set
- ■ Pre■commit hooks: ruff (auto■fix) + black to catch issues before push
- ■ AI Review Context: AGENTS.md + Codex review workflow
- ■ Encoding & EOL Guard: .gitattributes / .editorconfig (UTF■8, no BOM)
- ■ PR Hygiene: template + auto■labeler; branch protection recommendations
- ■ Env Guard: CI check for critical variables (e.g., NOTION_DATABASE_ID)

Deliverables:

- Green■check PR with full diff & commit history
- One■page handoff report (what changed, how to maintain)
- Optional Loom walkthrough
- 7■day bug■fix window for installed guardrails

Process:

- 1) Clone & assess (10–15 mins)
- 2) Apply guardrails & CI (60–90 mins)
- 3) Wire Codex review + pre■commit (30 mins)
- 4) PR + CI green + handoff report

Add■Ons:

- Inbox Ops Add■on (Apps Script labels/filters + daily trigger): +\$99
- FastAPI/Streamlit bootstrap with CI: +\$149
- Weekly Dependabot auto■merge & cleanup runbook: +\$49/mo

Pricing:

Founders: \$199 • Students/Veterans: \$149 • Team (3 repos): \$499

Call to Action:

Ready to ship safe?

Email: aplus■enterprise.com (contact form) • GitHub: @abbranch43

Preferred start window: within 24 hours from invoice
